Book now

1. Scan the code or open the link. The booking page opens in Arabic and you can switch it to English.
2. Enter your phone number and tap **“Send code”**, then type the code you get by text message and tap **“Verify and continue”**.
3. Under **“Choose your tickets”** set the **“Number of tickets”**, and pick your day if the ticket needs one.
4. Tap **“Pay by card”** and finish paying on Thawani's secure page.
5. You come back to the page and your tickets appear with their codes. Tap **“Save ticket as image”** to keep them on your phone.

One ticket everywhere

Sign in to the Suhar Festival app with the same number and the same tickets appear under “Tickets”. The gate accepts them from the saved image or from the app.

Common questions

▼ I didn't get the code. What should I do?

Check the phone number, wait a little, then ask for a new code. You can ask for a new one every two minutes.

▼ The payment failed. Was I charged?

Nothing is charged when a payment fails, and tickets are only issued once payment is complete. Try again or use another card.

▼ Where is my ticket? Do I need to print it?

It is under “Tickets” once you sign in with the number you booked with, or in the image you saved from the booking website. No printing needed: show the QR code on your phone.

▼ Can I get a refund?

Tickets are not refunded once the event has started, as the terms in the app say. Before that, contact the festival management.
